OH, HELLO BABY

A cozy little performance for all you little 6 to 18-month-old cutie pies. Discover a world of dance, happy colors and exciting sounds that you can experience together with a close grown-up. We dance on soft blankets, sing and make music with water and toothbrushes.

"Real dance means lots of music. A big gong for small children - the perfect concept." "Wonderful and intimate, with a grand finale of soap bubbles."

Margareta Sörensson, Expressen

"Oh, Hello Baby draws down the tempo and lets the children discover small sensations...a performance that shows that the youngest age group has what characterizes all good audiences: genuine curiosity."

Anna Ångström, Svenska Dagbladet

"...enticing to both children and their grown-ups"
